

ETP Marine Energy Industry Liaison Day

Friday 16th March 2012, 09.00—16.00

15 South College Street, Edinburgh

The ETP Marine Energy Liaison Day is a free event taking place in the heart of Edinburgh to promote and encourage interaction between Scottish Universities and the marine energy industry sector.

Speaking at the event will be representatives from Edinburgh, Heriot Watt, Strathclyde, Robert Gordon Universities and UHI covering a range of important industrially targeted themes including:

- Device Hydrodynamics
- Resource assessment
- Numerical Modelling and CFD
- Economic Models
- Environmental Issues
- Array and Deployment Testing
- Full Scale Demonstration

There will be opportunities to have 1-1 meeting with academics throughout the day
