

# ENERGY INNOVATION EMPORIUM

Wednesday 31st May 2017  
Technology & Innovation Centre, Glasgow

Join us from 9.30am at the Technology & Innovation Centre for this free event.

The recent publication by the Scottish Government of the Draft Energy Strategy sets a vision for the future of Scotland's energy sector to supply secure, reliable and affordable energy.

This conference brings together industry, the public sector and academia to discuss innovation for the Energy Strategy. Academia and businesses will present their research expertise & needs, from which the conference will identify avenues of innovation and cooperation that will support the Scottish Government's ambitions around carbon reduction.

## Theme Sessions

-  Bioenergy
-  Decarbonising Heat
-  Transport
-  Wind Energy: Towards Meeting the 2030 Target
-  Energy Storage
-  Socio-Economic Development, Green Jobs, & Skills
-  Energy Networks
-  Demand Side/Energy Efficiency
-  Energy Systems
-  Solar PV

-  Sessions centred around key themes of the Energy Strategy
-  One-to-one meetings between academics and industry
-  Networking
-  Exhibits/posters displayed by academic research pools and trade bodies
-  Syntheses and summaries to enable coherent, forward-looking strategy.
-  An understanding of the opportunities for innovation in the Energy Strategy, and possible collaboration routes

## One-2-Ones

There will be an opportunity for SMEs to liaise with leading academics throughout the day. These sessions will be led by the SME involved, taking part in collaboration and knowledge exchange to find productive ways to fund and support innovation.

## Registration

Online at [www.etp-scotland.ac.uk](http://www.etp-scotland.ac.uk)

The ETP Energy Innovation Emporium is an official Feeder Event for Venturefest Scotland 2017—Scotland's innovation summit

partnership

Wednesday 31st May 2017  
Technology & Innovation Centre, Glasgow

## Programme

09:30 - 10:00

Registration & Refreshments

10:00 - 10:30

Welcome - Professor Sir Jim McDonald - Co-Chair SEAB and Chair ETP

10:30 - 11:00

Chris Stark - Director of Energy & Climate Change Directorate, Scottish Government

11:00 - 11:45

Refreshments, Networking & Exhibition

11:45 - 13:15

Theme Session 1

Bioenergy

Decarbonising Heat

Transport

Wind Energy

Energy Storage

13:15 - 14:15

Lunch, Networking & Exhibition

14:15 - 15:45

Theme Session 2

Socio-Economic  
Development,  
Green Jobs & Skills

Energy Networks  
(Electricity, Gas,  
Heat)

Demand Side/  
Energy Efficiency

Energy Systems

Solar PV

15:45 - 16:30

Refreshments, Networking & Exhibition

16:30 - 17:00

Summary and Conclusions
